

The Gaslight Inn *Stress Relief Package*

While The Gaslight Inn provides an undeniable atmosphere of quaint luxury and relaxation, business is still business, with all the pressures and responsibilities that come along with it. So why not let us make things so much simpler for you, and allow us to add some amenities to your stay at the Inn.

We'll make it easy for you to unwind and enjoy a relaxing stress relief getaway in Atlanta's most popular neighborhood for shopping, dining and nightlife. Begin your experience by strolling along the sidewalks past charming sidewalk cafes and bistros, diverse and unique shops and boutiques. Get lost in the slow lane and relax, relax, relax.

Schedule a body massage, facial, and pedicure or select one of several packages offered by Natural Body Spa and Shoppe (www.naturalbody.com) and Key Lime Pie Salon and Wellness Spa (www.keylimepie.net) which are within walking distance or a short drive from the Inn. If you like, we will be happy to arrange an appointment for you.

Unwind in your room with a choice of special chilled beverage (wines, champagne or sparkling grape juice), our Inn Spa gift assortment, and traditional Inn amenities including use of cotton bathrobes in your room, Garden Botanika® peppermint and oatmeal bath products, deluxe Southern continental breakfast.

You may request our Stress Relief Package (\$50.00 plus the cost of the room of your choice) when making your reservation.
